

EVERGREEN PRISMA COOPERATION RIDER

To standardize the designation of our film service as a public institution of the federal state Lower Austria, we have created the Evergreen Prisma Cooperation Rider. It serves all users of the LAFC service, Green Film Consultants, and our partner organizations as a defining guide for the correct use of the relevant logos and their combinations.

In accordance with our [terms of use](#), we ask that you mention the Evergreen Prisma Service of the Lower Austrian Film Commission by name and logo in an appropriate manner, in the credits or print section as a source reference. Please do the same for public events, screenings, on websites, social media and in printed matter. This also applies when using the LAFC's carbon calculator.

We have provided links to various variants of the logos. The links will take you directly to the section for press material on lafc.at | Please, feel free to contact us for any questions.

EVERGREEN PRISMA | LOGO VARIANTS

Evergreen Prisma | color

Evergreen Prisma | b/w

KULTURLAND LOWER AUSTRIA | LOGO VARIANTS

KulturLand Lower Austria | color

KulturLand Lower Austria | b/w

GREEN FILM TOOLS | LOGO IN B/W
